

Modular Building

I N V E N T O R Y

Shelter Industries Inc. specializes in the manufacture of high quality, custom designed institutional, commercial and residential modular buildings for all applications, including schools, health clinics, child care, single and multi storey office complexes, hotels/motels, construction sites, laboratories, camps, bunkhouses, multi-family residential

A major part of our business is the rental, lease, and sale of used modular buildings kept in our building inventory. We have units of all shapes and sizes immediately available for all applications.

Below is a list of our current inventory. Please contact us if you need any new or used modular building.
